

Mineral Oil Defoamer

AFY-300

Introduce

AFY-300 is a silicone-free, solvent-free oil-based defoamer with excellent heat and oxidation resistance. It is soluble in various non-polar solvents. This product can completely eliminate tiny bubbles in the system and has outstanding anti-foaming properties. It is widely used in paints and coatings.

Features

- Complete elimination of tiny bubbles, long-lasting foam suppression
- Good chemical stability
- No silicon, no solvent

Application

- Polyurethane paint, epoxy paint, oil-based paint

Item	Index
Appearance	Transparent liquid
Iodine value	<0.5
Acid value	<0.01
Effective content	100%

Mineral Oil Defoamer

AFY-300

Method of use

- Direct addition: Pour the defoamer directly into the treatment tank at a fixed time and point.
- Continuous addition: Equip a flow pump at the relevant location where the defoamer needs to be added, and continuously add the defoamer to the system at a specified flow rate.

Transportation and packaging

- Packaging: Available in 25kg, 120kg, 200kg plastic drums or ton boxes.
- Storage: Store at room temperature, away from heat and sunlight. Avoid contact with acids, alkalis, or salts. Keep sealed to prevent contamination. Shelf life: 6 months. If layered, stir well before use.
- Transportation: Keep sealed, protect from moisture, acids, alkalis, and rain.

Product safety

- According to the Globally Harmonized System of Classification and Labelling of Chemicals, this product is classified as non hazardous.
- No danger of combustion and explosives.
- Non toxic and environmentally friendly.
